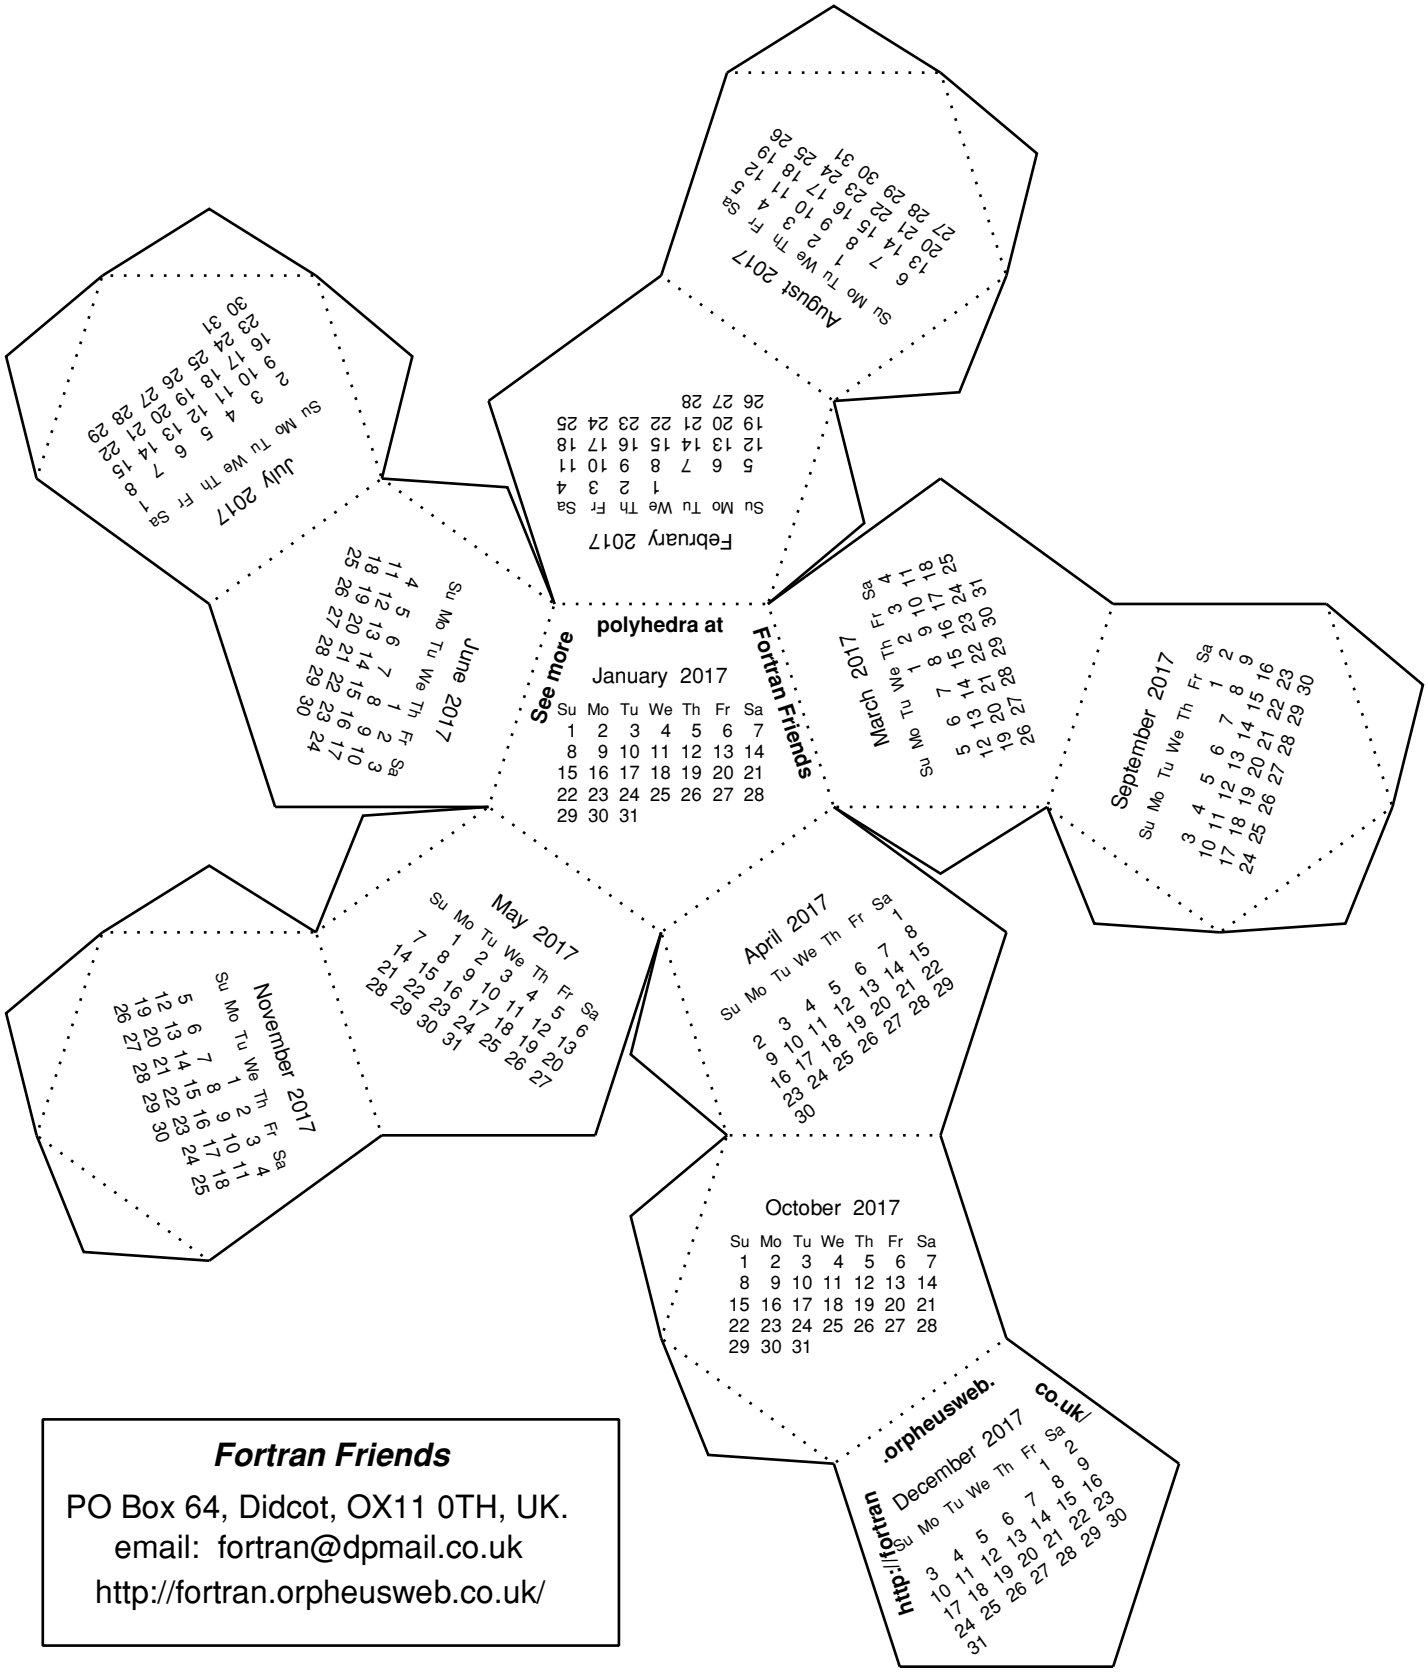
Make your own ‘Fortran Friends’ *Dodecahedral Calendar*

Cut this out to make yourself a dodecahedral calendar for 2017

Cut along solid line; fold along dotted lines.



Fortran Friends

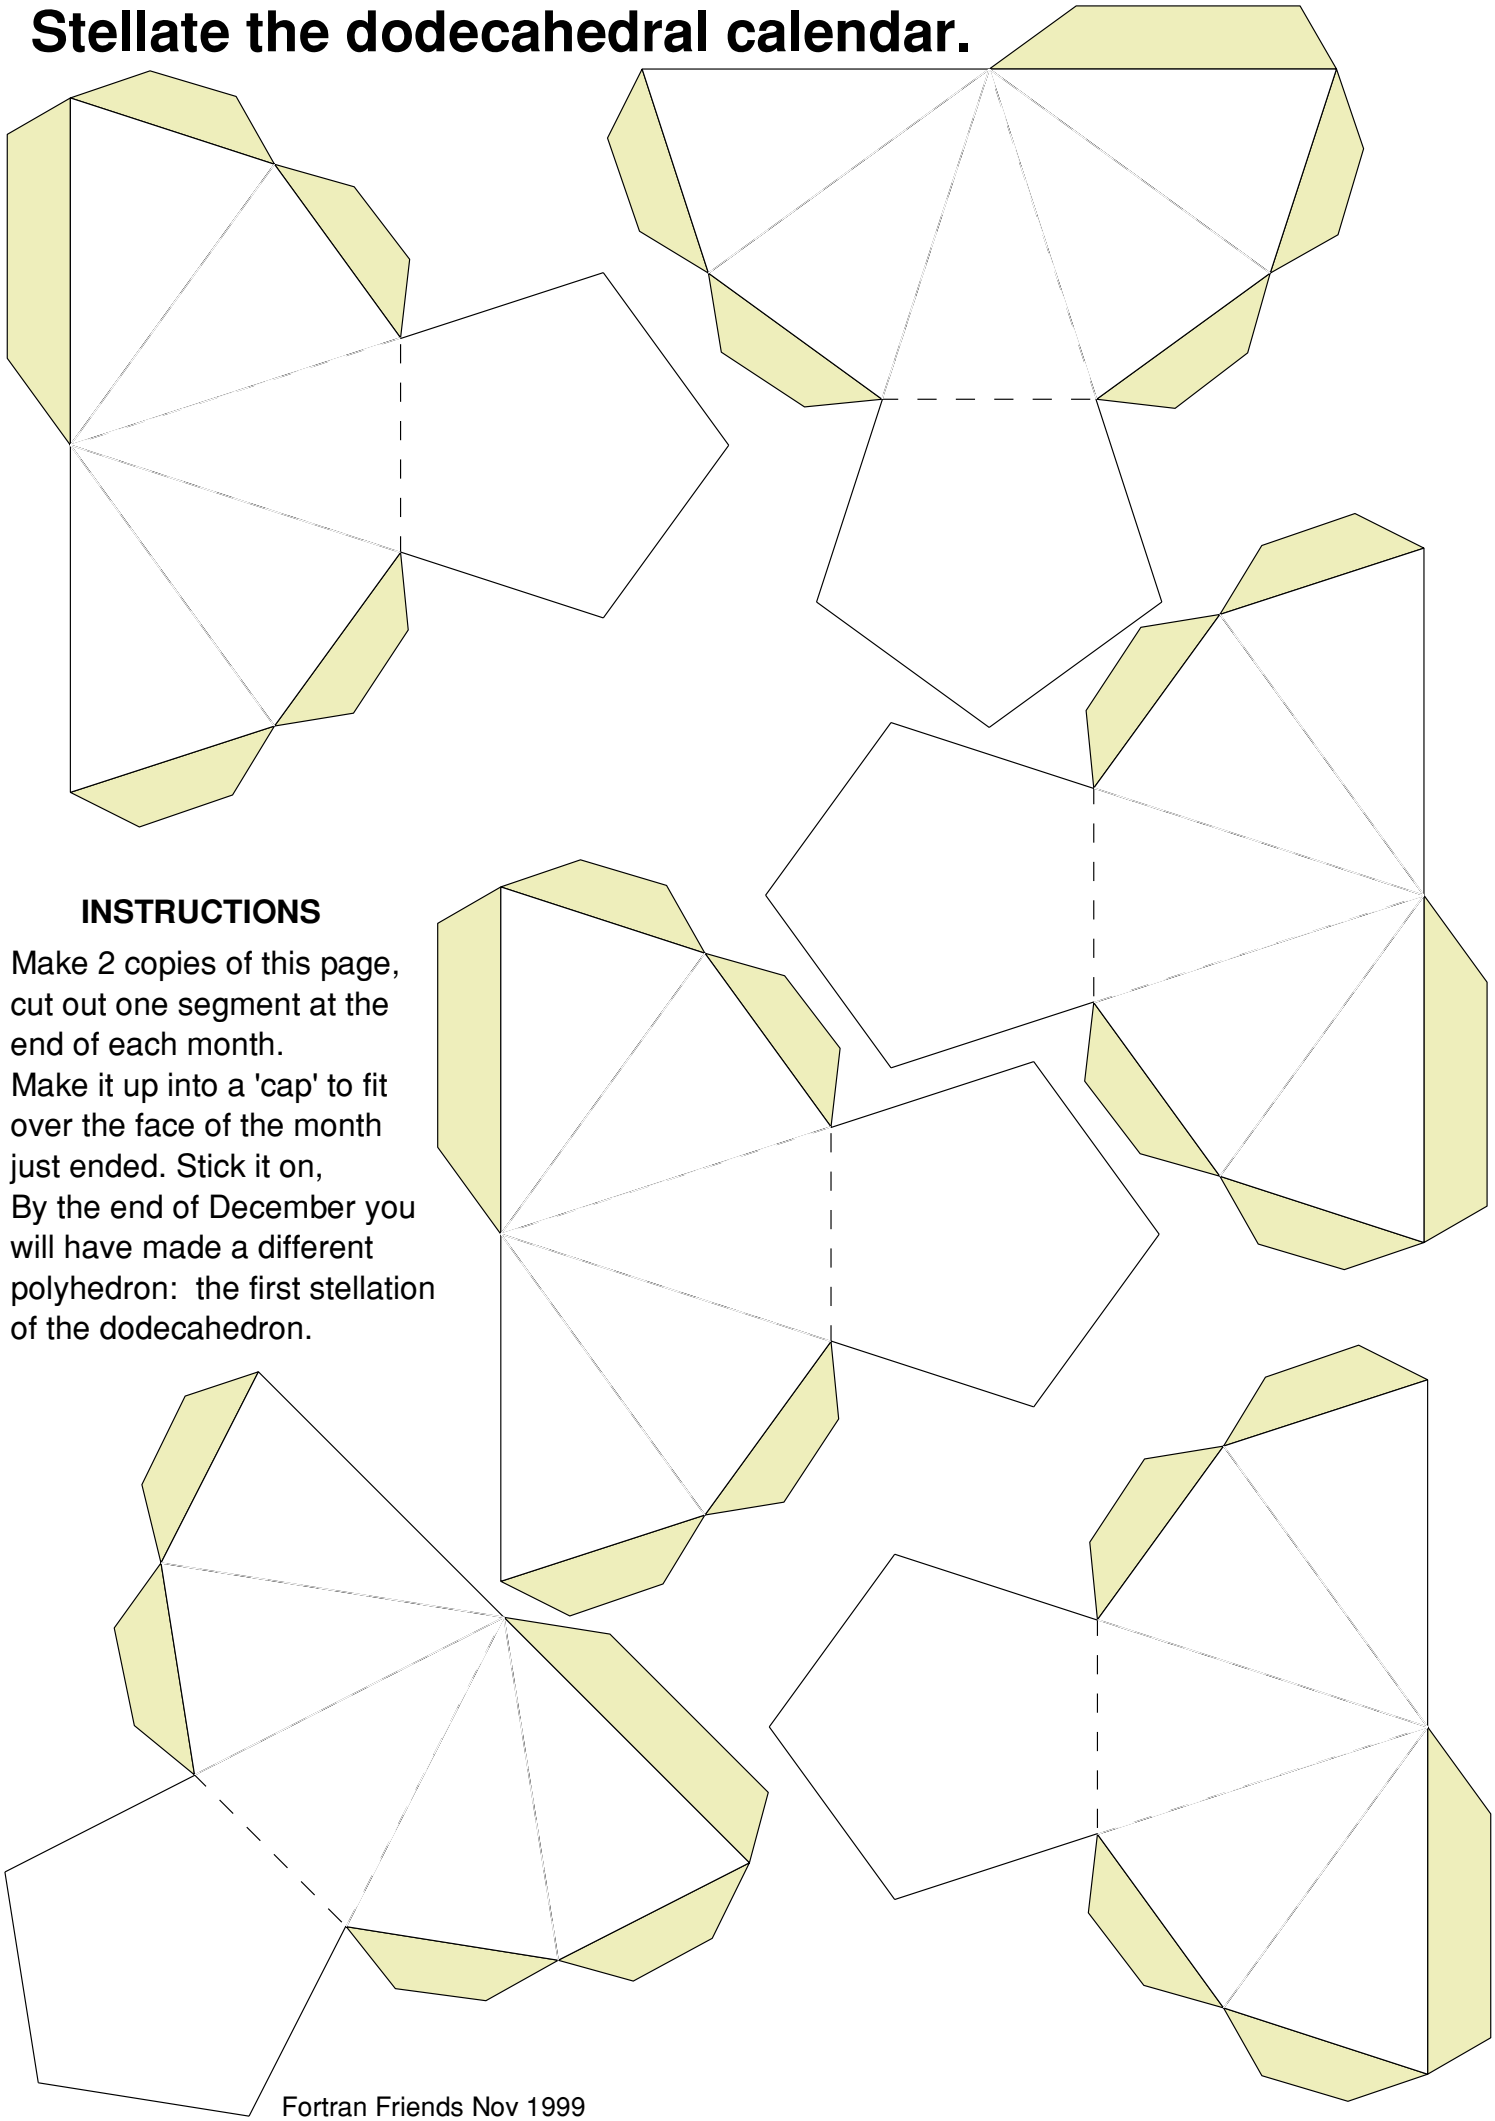
PO Box 64, Didcot, OX11 0TH, UK.

email: fortran@dpmail.co.uk

http://fortran.orpheusweb.co.uk/

Keep this card to remind you where we are.

Stellate the dodecahedral calendar.



INSTRUCTIONS

Make 2 copies of this page, cut out one segment at the end of each month.
Make it up into a 'cap' to fit over the face of the month just ended. Stick it on,
By the end of December you will have made a different polyhedron: the first stellation of the dodecahedron.
